**The Management Myth: Debunking Modern Business Philosophy** Matthew Stewart

**“A devastating bombardment of managerial –thinking and the profession of management consulting. . . A serious and valuable polemic.”?***Wall Street Journal*

Fresh from Oxford with a degree in philosophy and no particular interest in business, Matthew Stewart might not have seemed a likely candidate to become a consultant. But soon he was telling veteran managers how to run their companies.

In narrating his own ill-fated (and often hilarious) odyssey at a top-tier firm, Stewart turns the consultant’s merciless, penetrating eye on the management industry itself. *The Management Myth* offers an insightful romp through the entire history of thinking about management, a withering critique of pseudoscience in management theory, and a clear explanation of why the MBA usually amounts to so much BS?leading us through the wilderness of American business thought.
